“CUDDLE TIME” **ROMANTIC MOVIES** **TO REMEMBER**

By Jane R. Snyder

Sitting beside your man in a darkened room sharing buttered popcorn and a romantic film is one of the best ways to spend some quality cuddle time. Watching the drama—as onscreen characters gradually go from strangers to friends and then on to becoming lovers—can easily take you back to the thrill of your very first kiss.

From Rudolph Valentino to Harrison Ford, or Greta Garbo to Meg Ryan, romance has been a staple in Hollywood’s movie vaults since the earliest silent films. If you haven’t viewed these all-time favorites together, now might be a good time to track them down, pop the cork on a great bottle of wine, and order in a pizza!
